REQUEST FOR PROPOSAL
FOR
PATERNITY ESTABLISHMENT AND HOSPITAL-BASED PATERNITY PROGRAM

PART 1: ADMINISTRATIVE AND GENERAL INFORMATION

1.1 Purpose

The purpose of this Request for Proposal (RFP) is to obtain competitive proposals as allowed by Louisiana Revised Statute 39:1595 from bona fide, qualified Proposers who are interested in providing the Department of Children and Family Services with Paternity Establishment Outreach, Education, Training, Guidance, Assessment, and Technical assistance necessary to achieve the goal of the paternity program.

The solution is expected, at a minimum, to meet 45 CFR 303.5(g) which requires States to establish a program for voluntary paternity establishment services and Louisiana Revised Statutes 40:46.1, which provides authority and requirements for the program in Louisiana.

Secondary to the hospital-based paternity establishment component, as optional services dependent upon performance and availability of funding, DCFS is interested in services that provide technical assistance to enhance performance and ensure the accuracy of the paternity data stored in the Louisiana Automated Support Enforcement System (LASES).

1.2 Background

The Louisiana Department of Children and Family Services (DCFS), herein referred to as the Department, is one of the administrative departments within the Executive Branch of State government in Louisiana. The administrative head of the Department is the Secretary, who is appointed by the Governor. The Vision of DCFS is that our services will assist individuals, children, and families to achieve self-sufficiency and promote their well-being.

The Title IV-D agency in Louisiana is Child Support Enforcement (CSE). CSE is a section within DCFS that provides Child Support Enforcement (CSE) services to the State of Louisiana. CSE puts children first by helping parents assume responsibility for the economic and social well-being, health and stability of their children. Services provided help assure that children receive basic human needs of economic and medical support. The primary customers of CSE are the children in need of support. Secondary customers are the parents of these children. CSE provides the following services:

a) Location of Non-Custodial Parent
b) Establishment of Paternity
c) Establishment and Modification of Support Obligations
d) Collection, Receipt, and Distribution of Support Payments
e) Enforcement of Support Obligations
The Personal Responsibility Work Opportunity Reconciliation Act (PRWORA) of 1996 built on 1994 legislation requiring Hospital-Based Paternity Acknowledgement Programs to provide mothers and fathers with both written materials and oral explanations regarding the rights and responsibilities of paternity establishment. 45 CFR 303.5(g) requires States to establish a program for voluntary paternity establishment services. Louisiana Revised Statutes: 40:46.1 provides authority and requirements for the program in Louisiana.

Louisiana currently has 49 birthing hospitals that provide Hospital-Based Paternity Acknowledgement Services, in accordance with Louisiana Revised Statutes: 40:2180.21 - 2180.28 that went into effect June 11, 2019. As of May 2020, there are eight (8) free-standing birthing centers. DCFS has the primary responsibility for providing training, forms, outreach material, and annual assessments of each hospital’s program in accordance with Louisiana Revised Statutes 40:46.1 and 45 CFR 303.5(g).

Birthing hospitals and all free-standing birthing centers complete the acknowledgement forms and enter paternity data into the Vital Records system. The hard copy forms are transmitted to Vital Records and a copy is sent to DCFS for imaging into the DCFS paternity acknowledgment repository located within the DCFS imaging system. Vital Records provides DCFS with electronic interface files each day that contains key data elements from the acknowledgement form. The data is stored in the statewide paternity database as required by law. The data is matched to child support records in a nightly batch process and updates the child support system as appropriate. In addition, DCFS has online access to Vital Records birth records, which allows caseworkers to query information related to paternity.

45 CFR 305.2 (a) (1) provides guidance regarding federal Paternity Establishment Performance requirements. Louisiana has chosen 90% as the IV-D Paternity Performance Percentage (IV-D PEP, this percentage is established by our federal partners.). States must achieve certain levels of performance in order to avoid being penalized for poor performance. Louisiana reached the 90% PEP standard in FFY 2010 and is required to maintain a 90% PEP in order to avoid federal penalties. The Louisiana PEP was 90.21% in FFY 2017, 91.31% in FFY 2018 and 94.13% in FFY 2019.

Data Reliability Audits are conducted by the federal Office of Child Support Enforcement (OCSE). Data is collected from LASES, and submitted in accordance with the requirement of form OCSE-157. The electronic submission of this data includes all child support cases as of the federal fiscal year ending September 30th. This includes all open, closed, and Non-IV-D cases as well as the audit trails for each line on the OCSE-157 used in the computation of performance indicators.

This process determines whether the data reported by each State and the system that produces the data are accurate, complete, reliable, and secure. Upon completion of the audit, the information received from each State is compiled, and presented in OCSE’s preliminary reports and Annual Report to Congress. The reported data is used to compute individual State incentives, penalties, and program performance measures. (Refer to transmittal 05-09) at the OCSE website: http://www.acf.hhs.gov/programs/cse/pol/AT/2005/at-05-09.htm. Refer to (AT-19-03) https://www.acf.hhs.gov/css/resource/revised-ocse-157-form-and-instructions-effective-october-1-2020.

1.3 Goals and Objectives

In Louisiana for 2019, 55 percent of children were born to unmarried parents. The goals of the Department of Children and Family Services, Child Support Enforcement for the Paternity Establishment and Hospital-Based Paternity Program are to:

A. Provide an enhanced hospital-based paternity program in accordance with 45 CFR 303.5(g) and Louisiana Revised Statutes 40:46.1 to:
   1. Increase the number and quality of voluntary acknowledgments completed at Louisiana’s birthing facilities. (See Attachment VIII)
   2. Produce and provide forms necessary to voluntarily acknowledge paternity.
   3. Educate and train staff at Louisiana’s birthing facilities regarding the legal procedures required to execute the paternity acknowledgement. It is also important to inform them of the significant role they play in educating parents about the importance of paternity acknowledgment for their children.
   4. Develop and provide outreach material to educate parents on the legal aspects of paternity establishment and on the benefits of a two parent family.
   5. Provide an assessment of each Louisiana’s birthing facilities’ program on at least an annual basis.

B. Assist Louisiana in ensuring the accuracy of the paternity data stored in the Louisiana Automated Support Enforcement System (LASES).

C. Provide technical assistance to enhance performance in Parishes with a PEP less than 90%.

1.4 Term of Contract

The term of any contract resulting from this RFP shall begin on or about May 1, 2021 and is anticipated to end on April 30, 2024. The State shall have the right to contract for up to thirty-six (36) months with the concurrence of the Contractor and all appropriate approvals. With all proper approvals and concurrence with the successful Contractor, agency may also exercise an option to extend for up to twenty-four (24) additional months at the same rates, terms and conditions of the initial contract term. Prior to the extension of the contract beyond the initial thirty-six (36) month term, prior approval by the Joint Legislative Committee on the Budget (JLCB) or other approval authorized by law shall be obtained. Such written evidence of JLCB approval shall be submitted, along with the contract amendment to the Office of State Procurement (OSP) to extend contract terms beyond the initial 3-year term. The total contract term, with extensions, shall not exceed five (5) years. The continuation of the contract is contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract.

   b. Plan for providing training, guidance, and written instructions relative to voluntary acknowledgment of paternity as necessary to operate the hospital-based program and as necessary to clarify information and answer questions about paternity establishment. **1.9.7 Veteran and Hudson Initiative Programs Participation**

The State of Louisiana Veteran and Hudson Initiatives are designed to provide additional opportunities for Louisiana-based small entrepreneurship (sometimes referred to as LaVet's and SE's respectively) to participate in contracting and procurement with the State. A certified Veteran-Owned and Service-Connected Disabled Veteran-Owned small entrepreneurship (LaVet) and a Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) small entrepreneurship are businesses that have been certified by the Louisiana Department of Economic Development. All eligible vendors are encouraged to become certified. Qualification requirements and online certification are available at: [https://smallbiz.louisianaeconomicdevelopment.com](https://smallbiz.louisianaeconomicdevelopment.com).

If a Proposer is not a certified small entrepreneurship as described herein, but plans to use certified small entrepreneurship(s), Proposer shall include in their proposal the names of their certified Veteran Initiative or Hudson Initiative small entrepreneurship subcontractor(s), a description of the work each will perform, and the dollar value of each subcontract.

During the term of the contract and at expiration, the Contractor will also be required to report Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship subcontractor or distributor participation and the dollar amount of each.

In RFP’s requiring the compliance of a good faith subcontracting plan, the State may require Proposers to submit information on their business relationships and arrangements with certified LaVet or Hudson Initiative subcontractors at the time of proposal review. Agreements between a Proposer and a certified LaVet or Hudson Initiative subcontractor in which the certified LaVet or Hudson Initiative subcontractor promises not to provide subcontracting quotations to other Proposers shall be prohibited.

If performing its evaluation of proposals, the State reserves the right to require a non-certified Proposer to provide documentation and information supporting a good faith subcontracting plan. Such proof may include contracts between Proposer and certified Veteran Initiative and/or Hudson Initiative subcontractor(s).
If a contract is awarded to a Proposer who proposed a good faith subcontracting plan, the using agency, the Louisiana Department of Economic Development (LED), or the Office of State Procurement (OSP) may audit Contractor to determine whether Contractor has complied in good faith with its subcontracting plan. The Contractor must be able to provide supporting documentation (i.e., phone logs, fax transmittals, letter, e-mails) to demonstrate its good faith subcontracting plan was followed. If it is determined at any time by the using agency, LED, or the OSP Director that the Contractor did not in fact perform in good faith its subcontracting plan, the contract award or the existing contract may be terminated.

   a. Contractor shall ensure that all private and public birthing hospitals and all free-standing birthing centers statewide have a program that complies with Louisiana Revised Statutes 40:46.1 related to allowing for voluntary acknowledgement of paternity during the period immediately before and after the birth of a child born out-of-wedlock.

4. The State requires that key contract personnel should not be removed from the project except for circumstances beyond the Contractor's/Service Provider's control. DCFS will monitor the potential proposer/contractor through regular communication and through visually reviewing the potential proposer/contractor tangible work products. The State reserves the right to require removal and replacement of any contract personnel whose performance it considers unacceptable.

The Contractor shall provide all services identified in Part 2: Scope of Work
PART 3: EVALUATION

Proposals that pass the preliminary screening and mandatory requirements review will be evaluated based on information provided in the proposal. The evaluation will be conducted according to the following.

The Evaluation Team will evaluate and score the proposals using the criteria and scoring as follows:

<table>

The proposal will be evaluated in light of the material and the substantiating evidence presented to the State, not on the basis of what may be inferred.

Proposer must receive a minimum score of 31.5 points, which is 50% of the total available points in the technical categories of Company Background and Experience, Approach and Methodology and Proposed Staff Qualifications to be considered responsive to the RFP. Proposals not meeting the minimum score shall be rejected and not proceed to further Cost or Louisiana Veteran and/or Hudson Initiative evaluation.

The scores for the Financial Proposals, Technical Proposals and Veteran and Hudson Initiative will be combined to determine the overall score. The Proposer with the highest overall score will be recommended for award.

3.1 Cost Evaluation

Proposals will be assessed to determine if the services proposed meet the outlined Evaluation Criteria stated in Section 3 above and as defined by the goals and core services in the RFP.

For proposals found to reasonably satisfy the requirements of the RFP as described, cost shall be scored according to the following:

The lowest total price from Attachment IV: Price Schedule will be based upon the total price for 36 months; this proposal will receive the maximum possible 25 points. Other proposers will receive cost points based upon the following formula:
Price of lowest proposal for 36 months \(=\) Proposal price points

\[
CCS = (LPC/TCP \times 25)
\]

Where: 
- CCS = Computed Cost Score (points) for Proposer being evaluated
- LPC = Lowest Proposed Cost
- TCP = Total Cost of Proposer being evaluated

Scores will be rounded to two (2) decimal places throughout this process.

### 3.2 Veteran-Owned and Service-Connected Disabled Veteran-Owned Small Entrepreneurships (Veteran Initiative) and Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) Programs Participation

A. Twelve percent (12%) of the total evaluation points in this RFP are reserved for Proposers who are certified small entrepreneurs, or who will engage the participation of one or more certified small entrepreneurs as subcontractors. Reserved points shall be added to the applicable Proposers’ evaluation score as follows:

B. **Proposer Status and Allotment of Reserved Points**

   i. If the Proposer is a certified Veterans Initiative small entrepreneurship, the Proposer shall receive points equal to twelve percent (12%) of the total evaluation points in this RFP.

   ii. If the Proposer is a certified Hudson Initiative small entrepreneurship, the Proposer shall receive points equal to ten percent (10%) of the total evaluation points in this RFP.

   iii. If the Proposer demonstrates its intent to use certified small entrepreneurship(s) in the performance of contract work resulting from this solicitation, the Proposer shall receive points equal to the net percentage of contract work, which is projected to be performed by, or through certified small entrepreneurship subcontractors, multiplied by the appropriate number of evaluation points.

   iv. The total number of points awarded pursuant to this Section shall not exceed twelve percent (12%) of the total number of evaluation points in this RFP.

If the Proposer is a certified Veterans Initiative or Hudson Initiative small entrepreneurship, the Proposer must note this in its proposal in order to receive the full amount of applicable reserved points.

If the Proposer is not a certified small entrepreneurship, but has engaged one (1) or more Veterans Initiative or Hudson Initiative certified small entrepreneurship(s) to participate as subcontractors, the Proposer shall provide the following information for each certified small entrepreneurship subcontractor in order to obtain any applicable Veterans Initiative or Hudson Initiative points:

   i. Subcontractor’s name;

   ii. Subcontractor’s Veterans Initiative and/or the Hudson Initiative certification;
iii. A detailed description of the work to be performed; and
iv. The anticipated dollar value of the subcontract for the three-year contract term.

*Note* – *it is not mandatory to have a Veterans Initiative or Hudson Initiative certified small entrepreneurship subcontractor. However, it is mandatory to include this information in order to receive any allotted points when applicable.*

If multiple Veterans Initiative or Hudson Initiative subcontractors will be used, the above-required information should be listed for each subcontractor. The Proposer should provide a sufficiently detailed description of each subcontractor’s work so the Department is able to determine if there is duplication or overlap, or if the subcontractor’s services constitute a distinct scope of work from each other subcontractor(s).

**PART 4: PERFORMANCE STANDARDS**

**4.1 Performance Requirements**

A. When the contract requirements are not met, the Contractor shall be given sixty (60) days after written notification to correct the problem. If the problem is corrected within the sixty (60)-calendar day corrective action period, there will be no penalty.

B. If the requirements are not met and the problem is not corrected within the sixty (60)-calendar day corrective action period, the Contractor may receive a reduction of five percent (5%) of each month’s invoice beginning with the first month of the corrective action period. For example: If Contractor is notified of the problem in June and fails to correct the problem within the sixty (60) calendar day period, the Contractor could be penalized for the months of June and every month thereafter until the problem is resolved. The penalty is removed when the Contractor is in compliance.

C. If the Contractor fails to comply again for the same contract requirement, the five percent (5%) penalty may be imposed again without the benefit of the sixty (60)-calendar day corrective action period. The penalty is removed when the Contractor is in compliance.

**4.2 Performance Measurement/Evaluation/Monitoring Plan**

**4.2.1 Performance Measures/Evaluation:**

Contractor project performance will be evaluated as based on the requirements described in **Part 2: Scope of Work** and feedback from Child Support Enforcement staff, birthing hospitals and all free-standing birthing centers, and the Louisiana Department of Health/Vital Records.

The State will review all deliverables and hardcopy products (i.e. reports, schedules, plans, and the like) to confirm that they satisfy the objectives and contract requirements.
defined between the State and the Contractor. Prior to the submission of deliverables and similar products, the Contractor will submit outlines and drafts of the documents for agreement and approval of the basic format and content of the documents. The State will not approve or pay for deliverables and similar products that do not meet the objectives and approval criteria.

**Resource Allocation**

The State will monitor staffing levels and staff performance on a monthly basis. In the event that certain individuals continually fail to perform, the State reserves the right to request a reassignment or replacement of those individuals.

**Status Meetings and Reporting Documents**

The State will very closely examine all reporting mechanisms provided by the contractor to determine adherence to the contract. Status reports and/or conference calls will be a forum to discuss all aspects of the Program to explain details of the reports described in section 2.4, Deliverables

**4.2.2 Monitoring Plan:**

Periodic meetings will be held with DCFS and LDH staff to assess the performance of the contractor. Feedback and information received from the customer service survey tool will also be used to monitor performance.

**4.3 Veteran and Hudson Initiative Programs Reporting Requirements**

During the term of the contract and at expiration, the Contractor will be required to report Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship subcontractor participation and the dollar amount of each.

If a contract is awarded to a Proposer who proposed a good faith subcontracting plan, the using agency, the Louisiana Department of Economic Development (LED), or the Office of State Procurement (OSP) may audit Contractor to determine whether Contractor has complied in good faith with its subcontracting plan. The Contractor must be able to provide supporting documentation (i.e., phone logs, fax transmittals, letter, e-mails) to demonstrate its good faith subcontracting plan was followed. If it is determined at any time by the using agency, LED, or the OSP Director that the Contractor did not in fact perform in good faith its subcontracting plan, the contract award or the existing contract may be terminated.

Subrecipient contractor should be aware that there may be limitations on audit costs charged to certain federal and/or state programs based on total funding and other considerations.

Upon completion of the audit engagement, two (2) copies of the completed report shall be forwarded to: Louisiana Department of Children and Family Services, c/o Office of Management and Finance, External Audit Section, P. O. Box 3927, Baton Rouge, LA 70821. This is in addition to any other required submissions imposed on the audit entity.

Assignment of Interest in the Contract

Contractor shall not assign any interest in this contract and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of the Agency thereto, provided, however, that claims for money due or to become due to the Contractor from the Agency under this contract may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be promptly furnished to the State. Failure to provide prompt written notice of any such assignment shall be grounds for termination of the contract. “Prompt written notice” is defined as “written notice provided within ten days of the assignment”.

Taxes

Contractor hereby agrees that the responsibility for payment of taxes from the funds thus received under this agreement and/or legislative appropriation shall be said Contractor’s obligation and shall be identified under Federal Tax I.D. #__________________ and Louisiana Department of Revenue account # ____________________.

In accordance with LOUISIANA REVISED STATUTES 39:1624(A) (10), the Louisiana Department of Revenue shall determine that the prospective contractor is current in filing of all applicable tax returns and reports and in payment of all taxes, interest, penalties, and fees owed to the state and collected by the Department of Revenue and shall provide a tax clearance prior to approval of the contract.

Payments

It is agreed that in consideration for the goods delivered or services performed, the Agency shall make all checks payable to the order of Contractor in the amounts expressed or specified in the agreement. In cases where travel and related expenses are required to be identified separate from the fee for services, such costs shall be in accordance with State Travel Regulations and shall be specified under “Special Provisions.” It is further agreed that Contractor accepts payment made under the terms of the agreement in full for services delivered.

Prohibitions on use of funds

No funds provided herein shall be used to urge any elector to vote for or against any candidate or proposition on an election ballot nor shall such funds be used to lobby for or against any proposition or matter having the effect of law being considered by the legislature or any local governing authority. This provision shall not prevent the normal dissemination of factual information relative to a proposition or any election ballot or a proposition of matter having the effect of law being considered by the legislature or any local governing authority. Contracts with individuals shall be exempt from this provision.

Notice of State Employment

This subsection is applicable only to contracts with individuals.
Should Contractor become an employee of the classified or unclassified service of the State of Louisiana during the effective period of the contract, Contractor must notify appointing authority of any existing contract with the State of Louisiana and notify the contracting office of any additional state employment.

**Property of the State**

When applicable, upon completion of this contract or if terminated earlier, copies of all records, reports, worksheets or any other materials related to this contract shall be provided to the state upon request.

**Subcontracts**

Contractor shall not enter into any subcontract for work or services contemplated under this agreement without obtaining prior written approval of the Agency (which approval shall be attached to the original agreement). Any subcontracts approved by Agency shall be subject to conditions and provisions as the Agency may deem necessary; provided, however, that notwithstanding the foregoing, unless otherwise provided in this agreement, such prior written approval shall not be required for the purchase by the contractor of supplies and services which are incidental but necessary for the performance of the work required under this agreement; and provided, further, however, that no provisions of this clause and no such approval by the Agency or any subcontract shall be deemed in any event or manner to provide for the incidence of any obligation of the Agency beyond those specifically set forth herein. Further provided that no subcontract shall relieve the Contractor of the responsibility for the performance of any subcontractor. **Any subcontractor shall be required to sign the Subcontractor Debarment Certification Attachment, which shall become a part of this contract.**

**Alterations, Variations, Modifications, or Waivers**

Any alterations, variations, modifications, or waivers of provisions of this agreement shall be valid only when they have been reduced to writing, duly signed, and attached to the original of this agreement. No claim for services furnished or requested for reimbursement by Contractor, not provided for in this agreement, shall be allowed by Agency.

**Amendments**

Any amendment to this agreement shall not be valid until it has been executed by the Undersecretary or Assistant Secretary or other designated authority of the office which is a party to the contract and the Contractor, and approved by required authority of the Department, and, if the contract exceeds $2,000.00 the Director of the Office of State Procurement, Division of Administration.

**Set Off**

In the event the Agency determines that certain costs, which have been reimbursed to Contractor pursuant to this, or previous agreements are not allowable, the Agency shall have
the right to set off and withhold said amounts from any amount due the Contractor under this agreement for costs that are allowable.

**Background Checks**

Contractors shall ensure that any staff or volunteer in a position of supervisory or disciplinary authority over children will have the appropriate background checks as required by Louisiana State Law (See LOUISIANA REVISED STATUTES 15:587.1).

**Hold Harmless**

Contractor agrees to protect, defend, indemnify, save and hold harmless the State of Louisiana, all State Departments, Agencies, Boards and Commissions, its officers, agents, servants and employees, including volunteers, from and against any and all claims, demands, expense and liability arising out of injury or death to any person or the damage, loss or destruction of any property which may occur or in any way grow out of any act or omission of the Contractor, its agents, servants, and employees or any and all costs, expenses and/or attorney fees incurred by the Contractor as a result of any claim, demands, and/or causes of action except for those claims, demands, and/or causes of action arising out of the negligence of the State of Louisiana, all State Departments, Agencies, Boards, Commissions, its agents, representatives, and/or employees. Contractor agrees to investigate, handle, respond to, provide defense for, defend any such claims, demand, or suit at its sole expenses, and agrees to bear all other costs and expenses related thereto, even if it (claims, etc.) is groundless, false or fraudulent.

**INDEMNIFICATION AND LIMITATION OF LIABILITY**

Neither party shall be liable for any delay or failure in performance beyond its control resulting from acts of God or force majeure. The parties shall use reasonable efforts to eliminate or minimize the effect of such events upon performance of their respective duties under Contract.

Contractor shall be fully liable for the actions of its agents, employees, partners or subcontractors and shall fully indemnify and hold harmless the State and its Authorized Users from suits, actions, damages and costs of every name and description relating to personal injury and third party damage to the extent caused by Contractor, its agents, employees, partners or subcontractors, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss or damage arising hereunder due to the negligent act or failure to act of the State. If applicable, Contractor will indemnify, defend and hold the State and its Authorized Users harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys’ fees), claims, judgments, liabilities and costs which may be finally assessed against the State in any action for infringement of a United States Letter Patent with respect to the Products furnished, or of any copyright, trademark, trade secret or intellectual property right, provided that the State shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, the State or its Authorized Users may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the Commissioner of Administration shall require.
The Contractor shall not be obligated to indemnify that portion of a claim or dispute based upon:

i) Authorized User's unauthorized modification or alteration of a Product, Material or Service; ii) Authorized User's use of the Product in combination with other products not furnished by Contractor; iii) Authorized User's use in other than the specified operating conditions and environment.

In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the Authorized User's exclusive remedy to take action in the following order of precedence: (i) to procure for the State the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to the State up to the dollar amount of the Contract.

For all other claims against the Contractor where liability is not otherwise set forth in the Contract as being "without limitation", and regardless of the basis on which the claim is made, Contractor's liability for direct damages, shall be the greater of $100,000, the dollar amount of the Contract, or two (2) times the charges rendered by the Contractor under the Contract. Unless otherwise specifically enumerated herein or in the work order mutually agreed between the parties, neither party shall be liable to the other for special, indirect or consequential damages, including lost data or records (unless the Contractor is required to back-up the data or records as part of the work plan), even if the party has been advised of the possibility of such damages. Neither party shall be liable for lost profits, lost revenue or lost institutional operating savings.

The State and Authorized User may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor, or may proceed against the performance and payment bond, if any, as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them.

**INSURANCE**

Insurance shall be placed with insurers with an A.M. Best’s rating of no less than A-: VI. This rating requirement shall be waived for Worker’s Compensation coverage only.

Certificates of Insurance, fully executed by officers of the Insurance Company written or countersigned by an authorized Louisiana State agency, shall be filed with the State of Louisiana for approval. The Contractor shall not allow any subcontractor to commence work on his subcontract until all similar insurance required for the subcontractor has been obtained and approved. If so requested, the Contractor shall also submit copies of insurance policies for inspection and approval of the State of Louisiana before work is commenced. Said policies shall not hereafter be canceled, permitted to expire, or be changed without thirty (30) days’ notice in advance to the State of Louisiana and consented to by the State of Louisiana in writing and the policies shall so provide.
Compensation Insurance: Before any work is commenced, the Contractor shall maintain during the life of the contract, Workers’ Compensation Insurance for all of the Contractor’s employees employed at the site of the project. In case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers’ Compensation Insurance for all the latter’s employees, unless such employees are covered by the protection afforded by the Contractor. In case any class of employees engaged in work under the contract at the site of the project is not protected under the Workers’ Compensation Statute, the Contractor shall provide for any such employees, and shall further provide or cause any and all subcontractors to provide Employer’s Liability Insurance for the protection of such employees not protected by the Workers’ Compensation Statute.

Commercial General Liability Insurance: The Contractor shall maintain during the life of the contract such Commercial General Liability Insurance which shall protect him, the State, and any subcontractor during the performance of work covered by the contract from claims or damages for personal injury, including accidental death, as well as for claims for property damages, which may arise from operations under the contract, whether such operations be by himself or by a subcontractor, or by anyone directly or indirectly employed by either of them, or in such a manner as to impose liability to the State. Such insurance shall name the State as additional insured for claims arising from or as the result of the operations of the Contractor or his subcontractors. In the absence of specific regulations, the amount of coverage shall be as follows: Commercial General Liability Insurance, including bodily injury, property damage and contractual liability, with combined single limits of $1,000,000.

Insurance Covering Special Hazards: Special hazards as determined by the State shall be covered by rider or riders in the Commercial General Liability Insurance Policy or policies herein elsewhere required to be furnished by the Contractor, or by separate policies of insurance in the amounts as defined in any Special Conditions of the contract included therewith. Licensed and Non-Licensed Motor Vehicles: The Contractor shall maintain during the life of the contract, Automobile Liability Insurance in an amount not less than combined single limits of $1,000,000 per occurrence for bodily injury/property damage. Such insurance shall cover the use of any non-licensed motor vehicles engaged in operations within the terms of the contract on the site of the work to be performed there under, unless such coverage is included in insurance elsewhere specified.

Contractor’s own insurance policies, take and maintain insurance of the same nature and in the same amounts as required of the Contractor.

**Availability of Funds**

This agreement is subject to and conditioned upon the availability and appropriation of Federal, and/or State funds; and no liability or obligation for payment will develop between the parties until the agreement has been approved by required authorities of the Department; and, if contract exceeds $2,000, the Director of the Office of State Procurement, Division of Administration, in accordance with Louisiana Revised Statute 39:1595.1. It is the responsibility of the contractor to advise the agency in advance if contract funds or contract terms may be insufficient to complete contract objectives.
The continuation of this contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

Reports

If applicable, at least by the end of each 6-month period of the above-mentioned contract, Contractor must submit to the Agency, a written report detailing the use of funds, progress toward meeting specific goals, measurable objectives, terms, results or conditions that can be achieved in the specific allocated time.

Federal programs include grants, cooperative agreements, loans or loan guarantees, and contracts. The ACT does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug and alcohol treatment. The provider further agrees that the above language will be included in any sub-awards, which contain provisions for children's services, and that all sub grantees shall certify compliance accordingly. Failure to comply with the provisions of this law may result in the imposition of a civil monetary penalty of up to $1,000 per day.

Termination for Cause

The State may terminate this Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided that the State shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case which cannot be corrected in thirty (30) days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the State may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. The Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the State to comply with the terms and conditions of this contract; provided that the Contractor shall give the State written notice specifying the State's failure and a reasonable opportunity for the state to cure the defect.
Termination for Convenience

This contract may be terminated by either party upon giving thirty (30) days advance written notice to the other party but in no case shall continue beyond specified termination date. The contractor shall be entitled to payment for work in progress, to the extent work has been performed satisfactorily.

Force Majeure

The Contractor and the State of Louisiana shall be exempted from performance under the contract for any period that the Contractor or State of Louisiana is prevented from performing any services in whole or part as a result of an Act of God, strike, war, civil disturbance, epidemic or court order, provided the Contractor or State of Louisiana has prudently and promptly acted to make any and all corrective steps that the Contractor or State of Louisiana can promptly perform. Subject to this provision, such non-performance shall not be considered cause or grounds for termination.

ATTACHMENT III: ELECTRONIC VENDOR PAYMENT SOLUTION

In an effort to increase efficiencies and effectiveness as well as be strategic in utilizing technology and resources for the State and vendors, the State intends to make all payments to vendors electronically. The LaCarte procurement card will be used for purchases of $5,000 and under, and where feasible, over $5,000. Vendors will have a choice of receiving electronic payment for all other payments by selecting the Electronic Funds Transfer (EFT). If you receive an award and do not currently accept the LaCarte card or have not already enrolled in EFT, you will be asked to comply with this request by choosing one of the following two options. You may indicate your acceptance below.

The LaCarte Procurement Card uses a Visa card platform. Contractors receive payment from state agencies using the card in the same manner as other Visa card purchases. Contractors cannot process payment transactions through the credit card clearinghouse until the purchased products have been shipped or received or the services performed.

For all statewide and agency term contracts:
- Under the LaCarte program, purchase orders are not necessary. Orders must be placed against the net discounted products of the contract. All contract terms and conditions apply to purchases made with LaCarte.
- If a purchase order is not used, the Contractor must keep on file a record of all LaCarte purchases issued against this contract during the contract period. The file must contain the particular item number, quantity, line total and order total. Records of these purchases must be provided to the Office of State Procurement on request.

EFT payments are sent from the State’s bank directly to the payee’s bank each weekday. The only requirement is that you have an active checking or savings account at a financial institution that can accept Automated Clearing House (ACH) credit files and remittance information electronically. Additional information and an enrollment form is available by contacting the Office of Statewide Reporting & Accounting at DOA-OSRAP-EFT@ia.gov.

To facilitate this payment process, you will need to complete and return the EFT enrollment form.

If an award is made to your company, please check which option you will accept or indicate if you are already enrolled.
